Foxes Plentiful

Reports coming in from various parts of the county indicate that foxes are more numerous this year than common, and they have been committing great depredations among the poultry flocks. They seem to be particularly aggressive in the lower end of the county and many of the farmers living between here and Virden have almost been compelled to give up trying to raise poultry. Only a few days ago a fox appeared in the yard at the home of Edgar Patton and

made off with a fine hen that was raising a brood of chickens. The animal seemed to be not the least bit afraid of the members of the family and paid no attention to their shouts. The young turkeys in that end of the county have also been greatly reduced in number by the foxes and an effort will be made by some of the farmers to get rid of the pests.

Home-Coming Week

Arrangements for the Home Coming Week in Central Kentucky are now being completed and in a short time the invitations will be ready for sending out. A number of towns will join in the movement and it is planned to have all the old-timers come home during the week of the Bluegrass fair, so that, in addition to seeing home folks, they may spend a day or two at the fair.

There will be an old fashioned spelling match at the Cassidy building next Saturday night, by the ladies of the Methodist church. Mrs. Luther Loving and Mr. C. O. Eaton will give out the words from one of the old blue-back spellers and an interesting time is looked for. Prizes will be awarded those spelling the longest.

STANTON.

(By F. O. Derthick.)

Fred Blackburn was at Torrent on business Tuesday of this week.

Dr. Hammond of Jackson was here this week doing dentistry work.

D. R. Clark left Monday for Quick-sand, where he went on business.

Miss Minnie Tipton visited friends in Clay City last week, returning home Friday.

Mrs. J. B. Blackburn was in Lexington last week for a consultation with the doctors of that city.

The writer attended the School of Methods for Sunday-School workers at Lexington, Wednesday.

Mrs. Lou Faulkner and Miss Maude Boone are visiting Mrs. Loyd Faulkner at Winchester this week.

Mrs. Fred Blackburn has returned after a visit with her parents, Mr. and Mrs. Prewitt, to Winchester.

Dudley Caulwell and James Chaney left Saturday for Richmond where they will attend the state Normal.

Mrs. Laura Hardwick is visiting her daughters, Mrs. Ben Sewell and Mrs. Mollie Crawford, at Jackson, for a few days.

Henry Tipton is installing a gasoline pump stand for automobilists. Who said Stanton isn't getting ready for good roads?

Richard Tipton will preach at the Presbyterian church this coming Sunday morning and night. He preached for them this past Sunday, also.

Uncle Jim Holman of Bowen was here on business Tuesday. We always like to see Uncle Jim come around as he has a pleasant word for everybody.

Dr. Johnson was in Lexington over Thursday night and brought his nieces, Eloise and Tiddewink Vance, home with him. They had been visiting in Lexington for several days.

Rev. J. C. Hanley is visiting his own and his wife's people at East Liverpool Ohio, and Newcastle, Pa. On Tuesday he attended Commencement at Wilmington, Pa., the college he used to attend.

Mrs. Robt. Blackburn and her son Colson, and sister Minnie Conlee, are expected home this week from Berea. They are now visiting in Winchester for a few days. Minnie says she thinks Berea is one of the finest schools there is, and wants to return for next year.

Elmer Derickson surprised his many friends by taking unto himself a bride last Thursday, the 8th. She was Miss Nettie Martin, daughter of Mr. and Mrs. Jas. Martin of Cat creek. Rev. L. F. Martin performed the ceremony. They left for Cincinnati on a wedding trip.

Rev. Sherman Robbins and the writer held services on the East Fork of Slate in Menefee, Saturday and Sunday. The writer organized a splendid Sunday School for them. The house was so crowded with people that all could not get in. They sure do turn out to meeting in Menefee.

Otis Powell and Miss Bessie Smyth were married by the writer at his home on the 8th inst. Among those who accompanied them and were present at the wedding, were Mrs. R. S. Harter, Mrs. Shattuck, Mrs. Olson and the father of the bride and a sister of the groom, and E. H. Fuller.

Mr. and Mrs. A. B. Hamilton and daughter are visiting their many friends and kin folks in Stanton for a few days. The writer made a mistake last week in saying that Mr. Hamilton was drawing up the plans for the Presbyterian church in Stanton, but it was plans for a new building at Frenchburg in Menefee.

Boy Hurt at Mill

Clay Curtis, son of E. D. Curtis, was seriously injured a few days ago at the Brodhead Garrett mill, when he caught onto a car that was being switched in the yard. His foot became fastened some way in the stephanger and he was rolled between the car and a heavy lumber truck, bruising him about the body just below the shoulders. The boy was brought over to town on the switch engine and was taken to Dr. Irvin's office for treatment, after which he was removed to his home. At first his injuries were thought to be quite serious but he is now improving nicely and will be alright in a few days.

Faulkner Strong In Leslie County

Special to Clay City Times.
Hyden, Ky., June 13. During the present term of the Leslie Circuit Court all the candidates for the republican nomination for Judge of the Court of Appeals have been to this city and all spoke here on the first day of court. Each man presented his claims for this nomination, and each was quietly and patiently listened to. But the people of Leslie county have thoroughly made up their minds, if the crowds that have gathered in and about the court house this court have been representative crowds, and their decision is to vote for Judge H. O. Faulkner, of the neighboring county of Perry, for this nomination. The people have no quarrel with any other candidate, but they know Judge Faulkner, have seen him tried as a Judge on the bench, and can rely on him absolutely. Therefore, they have made up their minds to be for him. He was Judge of our circuit court for several years, and has been practicing law in Leslie county for thirty years.

Representative men from Clay and Laurel, and other Cumberland River counties have been here this court and from the reports brought here it would seem that Judge Faulkner will carry all Eleventh District counties that are in this Appellate District. He had his race made in these counties before he announced publicly his candidacy.

The attention of our readers is called to the splendid statement of the Powell County Deposit Bank, of Stanton, which appears in this issue. This bank is enjoying a splendid business and the statement shows it to be in a satisfactory financial condition.

Another Well Brought In

Good Producer Struck on Farm of S. G. Baker.

The Clay City oil field received another nice boost Wednesday when B. A. Bonnaville, drilling on the S. G. Baker farm, about three miles from town, on Hardwicks creek, brought in a good well that is estimated by the oil men here at about thirty barrels. The oil in this well is the light green quality, said to be the best, at present worth over \$2.00 a barrel.

Heien & Sherman, who are drilling on the Clark farm for Oldendorf, Bonham & Clarke, of Mt. Carmel, Ill., have been delayed by a breakdown in their machine and will not reach the sand until Saturday. They are having good indications of oil, however, and feel sure they will strike a paying well.

The well on the West farm, at the head of Black creek, on a lease of the Kenova Company, is down nearly to the sand, and is expected to come in at any time, as is the one on Slate creek, being sunk by W. J. Williams. These operations will prove up a lot of territory and great confidence is being expressed by oil men in the field.

Several other rigs are enroute to the field here and most of the operators now here are faking over leases with short time contracts for wells, with the result that rigs are in great demand.

There has been a number of new arrivals here during the past week and a thorough test of the entire field is assured by the operators coming in. Every train brings men from other fields, including Ohio, Illinois, Indiana, and even from Louisiana and Oklahoma. The shallow wells and the fine quality of the oil combine to interest these men, who are in fields where the average depth of the wells is 2,000 feet, as against 300 feet here. Representatives of two large sup-

We are authorized to announce

The crowd at the Progressive convention at Chicago last week howled for an hour and thirty-three minutes when Roosevelt's name was mentioned. But they will howl four years if by chance he should ever get elected President again.

A Republican writer who attended the conventions at Chicago said that the only sentiment he could find in the meeting was that the Republicans should be elected into power, no matter by what means it was accomplished. Why, by all means they should. They need some pie, and to obtain it they must have offices, since President Wilson established the precedent that a man must be qualified for a job before he can get it. In the old days under a Republican administration a good party man could get a fat job, no matter what his qualifications, but Mr. Wilson was the man who demanded that a man have some ability for the work of his office before he draw a salary from the people. That's one reason why the Republicans would like to get back into power.

The railroad company has announced their intention of keeping the right of way through town cleaned up and in a sanitary condition, which is a very laudable aim and one that will meet with the approval of our citizens. To do this however, it will be necessary for the people to co-operate to a certain extent. For a long time the railroad property in the eastern end of town toward the bridge, has

Almost a nervous wreck was Mr. Blackburn, of Richmond: He now has splendid health

"I can safely say that before taking Tanlac I was almost a nervous wreck," said Mr. John Blackburn, 165 Center street, Richmond, Ky.

"My nervousness was undoubtedly caused by stomach trouble. Since taking Tanlac I never felt better in my life."

Tanlac is a tonic which aids digestion, promotes healthy refreshing sleep and strengthens the nerves.

There is hardly a portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the whole system.

Next, it enables a weak, worn out stomach to thoroughly digest its food, permitting the assimilation of the nourishing products

to be converted into blood, bone and muscle.

It overcomes, it is said, that great exciting cause of disease, weakness. It renders the body vigorous and elastic. It keeps the mind clear and energetic and throws off the symptoms of nervousness and indigestion. It builds up the constitution run down by disease and mental and physical overwork, quickens convalescence and is an unfailing source of comfort to all sufferers from such trouble.

Tanlac is being specially introduced in Clay City at Eaton & McGuire's.

Tanlac may be obtained in Stanton at Hardwick & Co.; Bowen, Day & King; College Hill, Ginter Bros.; Torrent, J. Taylor Day; Irvine, Irvine Drug Co.; Genet, Genet Cash Store; Waltersville, Henry Waldron.

been used for a dumping ground for all the filth and rubbish that had to be disposed of, and this was not buried but merely thrown on top of the ground to become an eyesore and a menace to the health of the community. We are sure that the Town Board and the citizens generally will be glad to help the company keep their property in a more sanitary condition.

He Got the Dog

Walking down the street one day, a minister encountered a group of boys who appeared to be arguing about a dog that one of them was holding. He asked what was the matter.

One of the boys replied that the fellow who told the biggest lie was to have the dog, but they couldn't decide who had told the biggest.

"My dear boys," spoke the minister very gravely, "don't you know that it is very wrong to tell lies? Why, when I was a boy I never told a lie."

"Here, take the dog!" said the boy who was holding it.

The following letter was received a few days ago from Prof. Sleeth, who for some time was a teacher at Stanton College, and who has since leaving here kept in touch with the county by taking The Times.

Columbus, Ohio, May 29, 1916

Editor Times,
Clay City, Ky.

My Dear Sir:

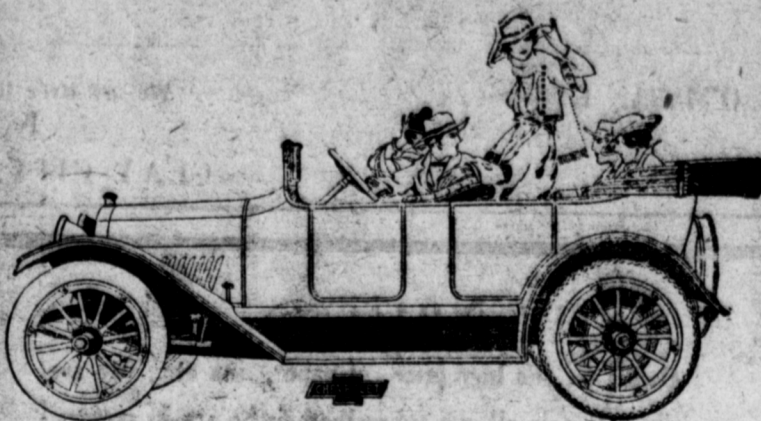

I notice in your paper that the war has raised the price of materials used in the publication of a newspaper until it is no longer profitable to run a publication on the "free gratis" basis, and your request to readers in arrears to "come across" has touched a sympathetic chord in my heart, hence you will find enclosed fifty cents for which please continue to send me your valued sheet. I am very much interested in the progress that Powell is making, particularly in the matter of improving the roads. Good roads are the salvation of any county and without such the case is well nigh hopeless. Good roads are valuable in that they let things "out" and also let things "in" and that is all that makes business. Keep up the good work and before long Powell county will forge to the front and take rank with other counties which are a little more favorably situated in regard to topography and commerce. There are natural resources on and in Powell county hills and valleys and they will be developed when transportation facilities are improved.

Very truly yours,
Earl C. Sleeth,
(Formerly of Stanton College)

ST. PETER THE FIRST POPE

Traditions of the Roman Catholic Church So Record—Title Once Given to All Bishops.

According to the tradition of the Roman Catholic church, St. Peter was the founder of the church and its first pope. Both the ecclesiastical and the temporal authority formerly exercised and still claimed by the popes of Rome are held to be of divine appointment, and to have been handed down in unbroken continuity from apostolic times to the present age. Peter the apostle, it is asserted was indicated by Christ himself as superior to the rest of the twelve in the faith and spiritual discernment, and as the one of the number whom it was his design to invest with special pre-eminence. In conformity with the design, Peter, accompanied by Paul, is said to have gone to Rome after Christ's death, and founded a church, over which he presided as its bishop for 25 years—from 41 A. D. to 67 A. D.—eventually suffering martyrdom in the same year and on the same day as St. Paul, in the persecution under Nero. The title "pope" was at one time given to all bishops. It was first adopted to Hyginus in 139 A. D., and in 606 Boniface III induced Phocas, emperor of the East, to confine it to the prelates of Rome. A list compiled from the registers of the Roman church gives names of 264 pontiffs.

TICKLED HIM

"Bronson looks very happy these days." "He has reason to be. He says that after his wife and children had been fitted out with their fall wardrobes there was enough left over to enable him to have a new office coat made."

POSSIBLE EXPLANATION.

Aimee—I don't see why Hazel has so many admirers. She can't speak a word of French and neither sings nor paints.

Mary—Well, perhaps that's the reason.

TIME SAVING.

"I never waste time contradicting my wife," said Mr. Meekton.

"Are you always sure she is right?"

"I won't say that. But I am always sure she can convince me that she is."

DOMESTIC DIPLOMACY.

"Why do you insist on having the servant call you at seven o'clock every morning? You never get up at that hour."

"No. But I want to make sure the servant is awake."

NOTHING BUT THE TRUTH.

"After all," remarked the moralizer, "life is but a journey."

"Yes, and a tiresome journey it is," rejoined the demoralizer, "for when a man reaches the end of it he's out of breath."

APPROPRIATE DECORATION.

"That old grouch certainly had his living room appropriately decorated."

"How was it done?"

"Mostly in fretwork."

GOOD ADVICE.

"Have you an old saw you can lend me?" asked Dobson. "I want an old one so it won't matter to you if I happen to break out a few teeth."

"I haven't the kind of old saw you mention," said Gadsworth, "but I can give you another sort I always abide by."

"Another old saw?" "Yes, 'Neither a borrower nor a lender be.'"

HER EXAMPLE.

"How so?"

HIS VOCATION.

TOO MUCH FOR THEM.

"Not any more. We keep the graphophone going now."

NOT THAT WAY.

SCHOOL ITEMS

Miss Mabel R. Ewen left Monday to attend the Summer School of State University.

The examinations for teachers will be held on next Friday and Saturday, June 16-17, at the court house.

James Chaney and Dudley Caudell left last Saturday for a six weeks' stay at the Eastern Kentucky State Normal School.

The State Board of Education has prepared a public graded course of study for the common schools of the State. The course specifies the order of study, the time allotted to each and which course of study shall be observed by the teacher and enforced by the trustee. The course of study is complete and thoro, being a revision of the courses of study for the past three years. The purpose is to bring order into the vast school system of the State. With over 10,000 teachers working in 120 counties, it is absolutely necessary that there should be some unifying and organizing ideas in order that the school system may be more efficient. The State Superintendent urges Supts. trustees and teachers to use the course of study in accordance with law.

Banford White, jr., who has been doing some carpenter work at Irvine, is home on a visit.

Uncle Billie Townsend and wife left a few days ago for Indianapolis, Ind., where they will visit their son a few weeks.

Mrs. Margaret Faulkner, who is at Ashville, N. C., for her health, is much improved. Her son Elbert is with her.

Misses Sally Creecy, Mudge Day and Isa Ewen, were very pleasant callers at the home of Judge Holman, Sunday afternoon.

Farmers are much delayed by the heavy rains. When they can't cultivate corn they should cultivate their patience, and there is some patience about here that needs weeding very much.

Martin Ford bought the hill back of Slade from K. U. Land Co. for \$125, and J. A. Bowen the hill between his farm and Slade for \$40.00.

Tom Pearsall, Ova O'Hair, Marion Mullins, Geo. Ewen and Alfred Neal, all left for Ohio last Sunday to get work. Wages are so much better there, and many more are going.

ed to her bed but is some better. Her father J. Tipton, and two sons, Green Bowen of Middle town and Cash Bowen of O. & K. Jct., are at her bedside.

Wm. Ledford has moved farther on up Clear branch to get a change of water for Mrs. Ledford, who is in bad health, and Ed Helle moved into the house vacated by Mr. Ledford.

Otis Powell and Miss Bessie Smyth, of Nada, went to Stanton Thursday and were quietly married. Miss Smyth is a daughter of Joe Frank Smyth, brother-in-law of H. G. Crabtree of Clay City. Mr. Powell is employed in the store of Hendrix & Co. and is a Powell county boy from the Rogers Chapel section. Many friends join in wishing the happy pair a long and prosperous life.

Miss Lillie Knox of Bowen, and Miss Anna Bowen of Slade, were employed to teach the consolidated school here. Miss Knox graduated at the State Normal, Richmond, last week. Both are Pow-

Clear Skin Comes From Within

It is foolish to think you can gain a good clear complexion by the use of face powder. Get at the root of the trouble and thoroughly cleanse the system with a treatment of Dr. King's New Life Pills. Gentle and mild in action, do no gripe, yet they relieve the liver by their action on the bowels. Good for Young, adults and aged. Go after a clear complexion to-day. 25c. at your druggist.

Too Many Dogs

Up in Jackson the city council has passed an ordinance to the effect that all dogs running at large must be muzzled, and the town marshal has been directed to kill all dogs found running at large without muzzles. Several mad dogs have been found in Breathitt county and this drastic action was necessary in order to protect both stock and people from being bitten. It seems that the mad dog season is considerably in advance this year and it would be well for the people of Powell county to take some action before any damage is done in this county.

Attorney J. B. White, of Irvine, was here Tuesday on business, and paid us a pleasant visit. Mr. White states that the oil boom in Estill county has been the making of Irvine, and he is in hopes of Powell county
